About Us

FinQuest is a consulting firm specializing in Financial Services and Human Resources. Our team uniquely blends financial expertise with HR know-how, providing comprehensive solutions across industries. We adopt a client-centric approach, working closely with businesses to understand their specific challenges and offer customized solutions.

Our team consists of experienced bankers and HR professionals who have worked in the industry for decades. They possess deep insights into the financial landscape and human capital management, helping businesses navigate projects effortlessly.

FinQuest offers a variety of services, including Talent Acquisition, Staff Augmentation, Training, Project Management, Back Office Support, and Office Administration.

Each service is tailored to meet the unique needs of our clients. We believe that our success is measured by the success of our clients. Through our strategic financial and HR solutions, we aim to empower businesses to achieve their goals and thrive.

Our sourcing system for IT professionals is smarter, as it includes personal engagement along with state-of-the-art technology, allowing us to connect with the pinnacle of talent more efficiently.

Our remarkably skilled developers from various specific backgrounds make us better than other body shop firms. We currently have IT professionals deployed at different clients on a staff augmentation model.

FinQuest Consulting offer a client focused and industry specific IT Recruitment process. This process ensures that we deliver only the people with specialized technical experience that is required by the client. We are prepared with effective processes to provide you with immediate support for all your IT needs.
